

# Mixed Media Collage

MaryJo Clark

Collage is an artistic technique in which fragments of different materials are glued or pasted onto a surface in order to create an artistic composition.

Saturday, May 18, 2024

1pm - 4pm

Green Door Art Gallery

21 North Gore Ave.

Webster Groves, MO 63119

The 3-hour class will cover the following:

- Defining collage
- Incorporating design elements and principles in collage composition
- Materials and Techniques for creating collage

The class fee of \$60 includes all materials. (Students are welcome to bring magazines, papers, cards, or other personal items for their collages if they wish.)

No previous drawing or art background is needed. Each student will leave class with a finished small collage.

This class is a great follow-up to my Collage Grid Sketch class; however, it isn't a requirement for this class, as it also works well as a stand-alone introduction to collage.

Class size is limited to 12 students, so sign up soon. To register for the class, just send me an email at [mclark@clarkart-stl.com](mailto:mclark@clarkart-stl.com) stating that you are interested in taking the Mixed Media Collage class.
